Huntington Beach, CA 92648

## RE: 2024 Beverly B. McCollum Award

Mark,

As President of the International Academy of Gnathology, American Section, it gives me great pleasure and true satisfaction to inform you that the IAG Board of Directors has named you the recipient of the 2024 Dr. Beverly B. McCollum Award.

As you well know, the McCollum Award is the highest honor conveyed by the International Academy of Gnathology. It recognizes those who have contributed significantly to Gnathology's clinical application and educational advancement. Your decades of directing gnathological study clubs, endless hours guiding young dentists in gnathologic principles and clinical methods, and a professional lifetime of high-quality and ethically principled dentistry have not gone unnoticed. I hope you are as proud and excited to receive this award as I am to have the great privilege to present it to you.

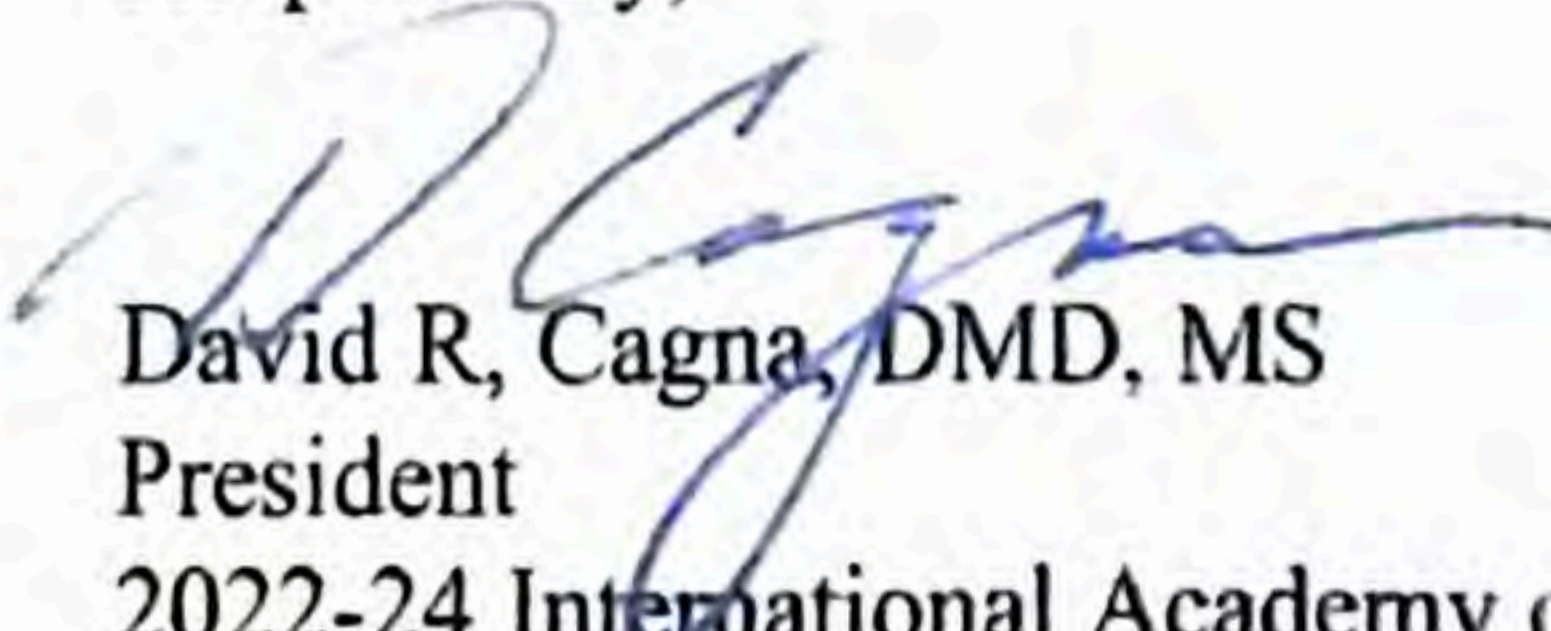

I am informing you of this honor well in advance of IAG Congress XXXI so that, if desired, you can encourage friends and family members to attend the festivities and share this incredible honor with you. The meeting will be held as follows:

**Congress XXXI**  
**International Academy of Gnathology, American Section**  
**September 25-28, 2024**  
**Hyatt Regency San Antonio Riverwalk**  
**123 Losoya Street, San Antonio, Texas 78205**

Your award will be bestowed at our formal gala dinner/dance on Saturday evening (September 28, 2024). You will join fellow McCollum Award winners and Academy colleagues in celebrating this most remarkable achievement.

If you have any questions, please do not hesitate to reach out to me at any time (email: [dcagna@uthsc.edu](mailto:dcagna@uthsc.edu); cell: 901-292-5170).

Respectfully,

  
David R. Cagna, DMD, MS  
President

2022-24 International Academy of Gnathology  
American Section
